Chameleon® VEGA

Stylish, efficient and economical

The Chameleon® Vega is a stylish, powerful and economical UV fly trap. Its elegant and ultra-slim design is combined with an all stainless steel construction.

The Chameleon® Vega features new higher energy efficient T5 14-watt UVA tubes with integrated Reflectobakt® technology powered by a state of the art electronic ballast to deliver efficient fly control with low running costs.

- Unique slimline design
- New high efficiency RoHS compliant PestWest Quantum BL tubes
- New integrated Reflectobakt® technology for improved fly catch
- Reduced glass content & electrical consumption without compromising performance
- Improved ease of service
- All stainless steel construction
- 3-year guarantee

Weight: 3.2 Kg
Dimensions: H x W x D = 30 x 57.5 x 4 cm
Coverage area: 150 m²
