The Omega Green Supreme IPM 3.8L HEPA dry particulate vacuum that is ideal for the IPM Professional. With its self-contained HEPA filter, hose plugs and filter plugs, nothing is crawling out or falling out during transport and storage.

"The" Bed Bug Vacuum. HEPA Efficiency: 99.97% @ .3 micron. "True" HEPA filter and powerful motor safely and effectively eliminate both alive and dead pests along with their eggs and faeces. The vacuum fits perfectly in the cab of a truck, and can be used on nearly every job a Professional Pest Manager goes on.

Filtration features an immediate containment HEPA Filter Cartridge that virtually eliminates the risk of exhausting dangerous bacteria, the potentially fatal hantavirus, out into the air. Most odours are contained. Hose and filter plugs also come standard. This unit is powerful and quite - captures everything from bed bugs to cockroaches and even hazardous particles, with built-in sound suppressing technology.
